ASUS® *Technical Seminar 2012* *Your Next Build*

Agenda

- NDA Brief
- ASUS Motherboard Position
- New Platform Introduction:
 - Your Next Build: P8Z77-V Series Motherboard
 - Tactical Armor. Precision Cooling: TUF SABERTOOTH Z77 Motherboard
 - Unchained Gaming Beast: Maximus V Series Motherboards
- ASUS Demo Show Case
- Q&A

IMPORTANT!

Note on NDA Dates

Embargo item	Time	Disclosure/action guideline
Media seminar exposure embargo date	March 6, 2012 16:00 pm Taipei time*	OK to disclose all motherboard product info provided at the media seminar without mentioning Ivy Bridge CPU-related features, performance, and actual launch date
Product review embargo date	March 8, 2012 15:01 pm TPE Time**	Product reviews OK to disclose all motherboard product info without mentioning Ivy Bridge CPU-related features, performance, and actual launch date
Intel® Ivy Bridge CPU product introduction date	April 29, 2012 15:01 pm TPE Time(TBD)***	OK to disclose all Ivy Bridge CPU info (ex. performance benchmarking)

*March 6, 2012 16:00 pm TPE time (.i.e. March 6, 2012 12:00 US Pacific Standard Time or March 6, 2012 9:00 Berlin time/CEBIT starting time)

** March 8, 2012 15:01 pm TPE Time (.i.e. March 12, 2012, 12:01 am US Pacific Standard Time) - TBD

*** April 29, 2012 15:01 pm TPE Time (.i.e. April 29, 2012, 12:01 am US Pacific Standard Time) - TBD

⚠ Please note these dates are not final, and may be subject to change. Further written announcements will follow should this date change. ASUSTEK reserves the right to alter all dates mentioned by written notice

FAN XPERT 2

*Optimizes the Speed of All Fans
for the Ultimate Cool and Quiet*

There are so many fans in one PC system...

However, how to control individual fan to balance between acoustic and thermal efficiency?

ASUS Fan Xpert 2 -- Not only control rotation speed, but also provide optimized settings for each fan

FAN Xpert 2 – Fan Auto Tuning

Evolutionary Design for Incredible Fan Control!

Brilliant Fan Auto Tuning tech brings you...

SMART – *Optimized Setting*

EASY – *Reduce Noise by Fixed Rotation Speed*

INFORMATIVE – *Provide Detail Info of Each Fan*

FAN Xpert 2 – Smart

The Most Flexible Fan Settings

Provide tailored and optimal fan speed profiles by the intelligent fan control algorithm...

Silent

Standard

Turbo

Full Speed

Quickly Change to Different Profiles to Fit Your Need

FAN Xpert 2 – Easy

Set Fan Speed to a Fixed Value to Reduce Noise

*RPM Fixed Mode**:

- ✓ Allow to fix the speed of individual fans to enjoy **quiet computing**
- ✓ Auto runs at full speed when CPU temp up to 75° C to **protect your critical component**

A Quiet and Worry-free Mechanism

RPM: revolutions per minutes, is a measure of the frequency of a rotation

World's 1st!

USB 3.0 BOOST

Lightning Fast Transfer Speeds!

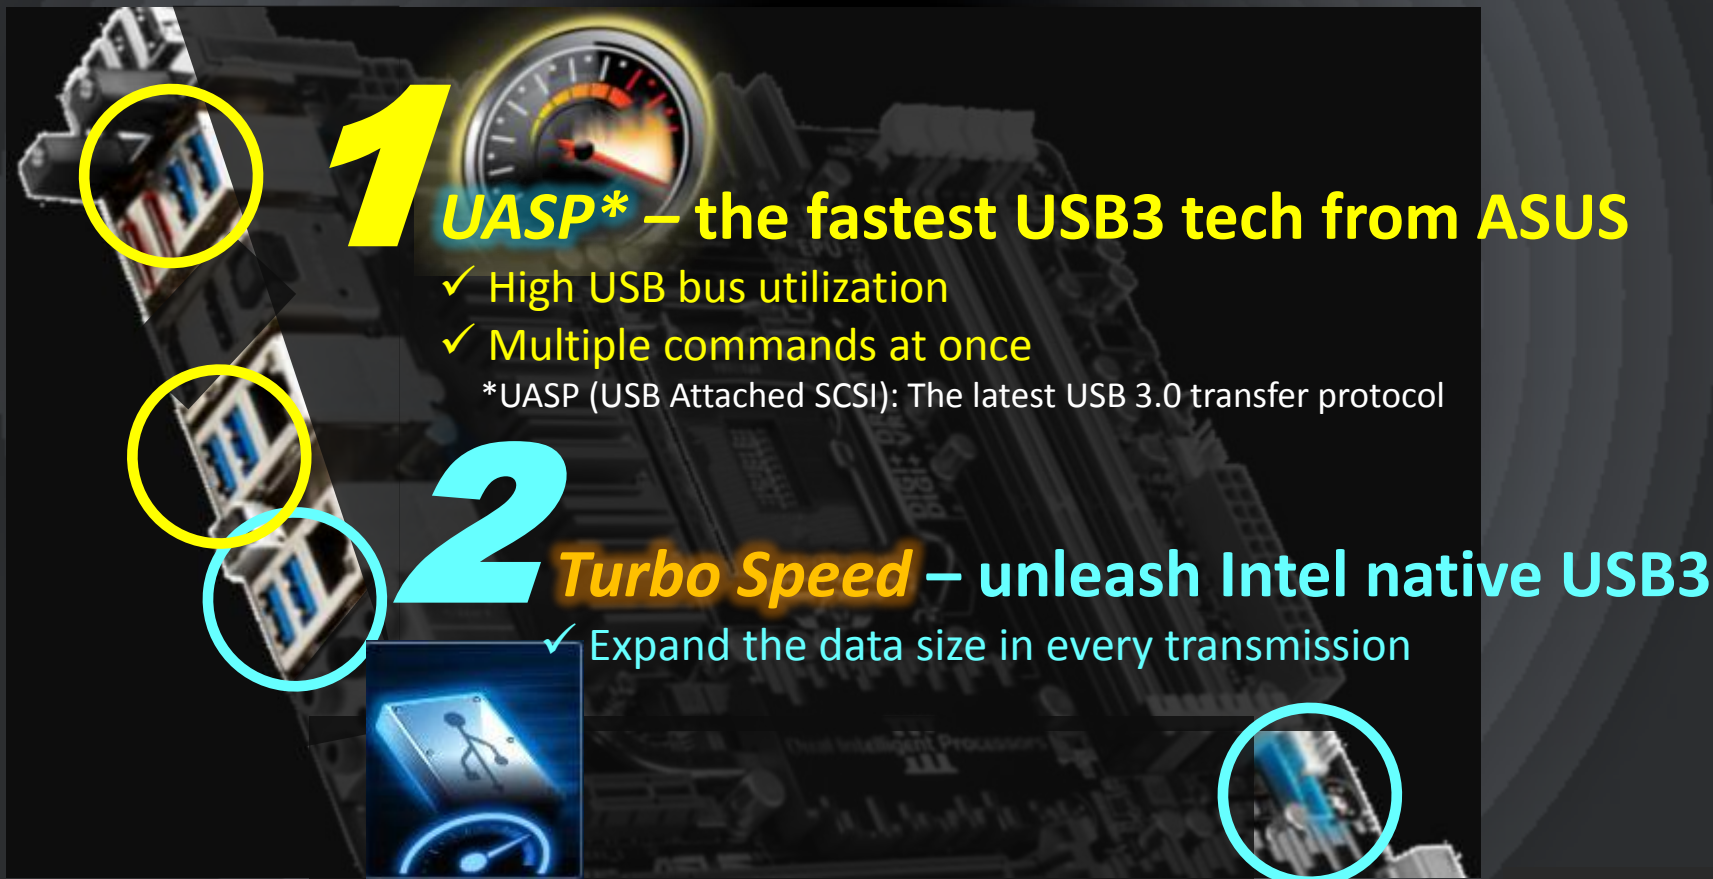

USB 3.0 Boost (1/4)

Keep You One Step Ahead with the Latest UASP Protocol

With ASUS USB 3.0 Boost design, You can enjoy...

World's 1st!

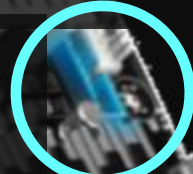

1 **UASP*** – the fastest USB3 tech from ASUS

- ✓ High USB bus utilization
- ✓ Multiple commands at once

*UASP (USB Attached SCSI): The latest USB 3.0 transfer protocol

2 **Turbo Speed** – unleash Intel native USB3

- ✓ Expand the data size in every transmission

The Best Solution to Boost All Onboard USB 3.0 Ports!

USB 3.0 Boost (2/4)

Auto Detection – Plug & Boost!

World's 1st!

Simply plug in USB device and automatically gain the best speed!

Plug in

<UASP device>

<USB 3.0/2.0 device>

Plug & Boost

Auto runs in UASP Mode

Boost

Auto runs in Turbo Mode

Boost

Instantly Enjoy the Faster USB Speed Ever!!

NETWORK ICONTROL

Real-time Network Bandwidth Control

Network iControl (1/3)

Total Network Control Center!

Heavy downloads like...
This usually happens...

Watch on-line HD movies

Play on-line games

Feel like forever!!

Lag like crazy!!

***Network iControl Is All You Need to
Perfectly Manage the Bandwidth!***

Network iControl (2/3)

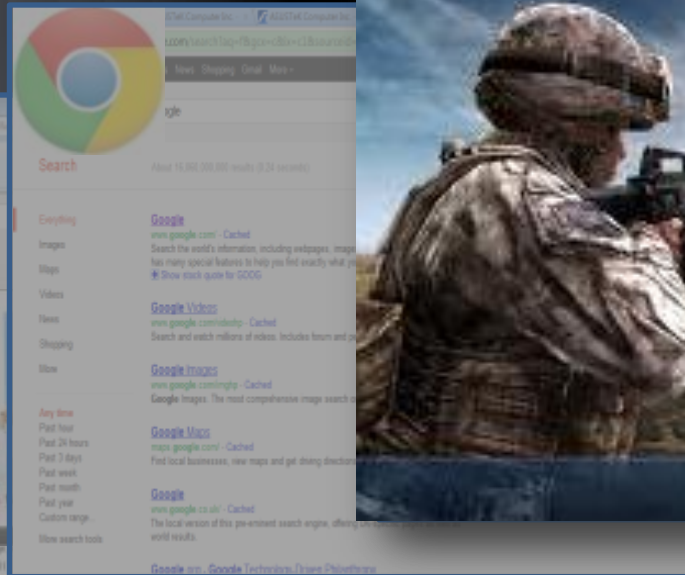

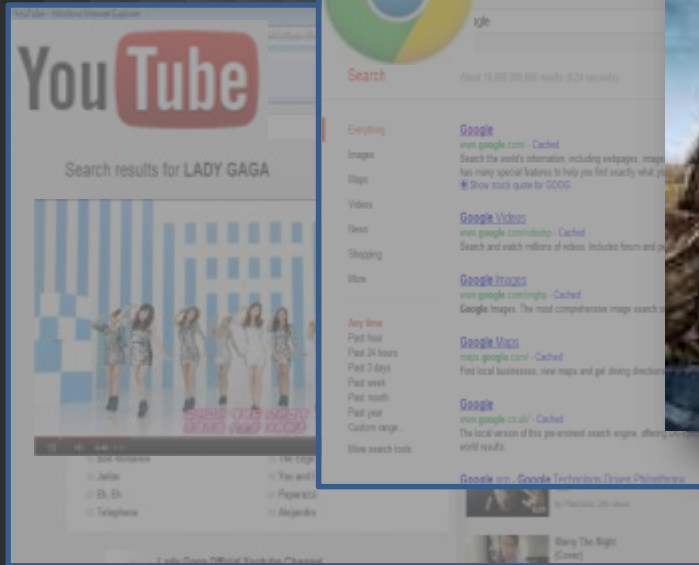

Automatically Optimize Your Bandwidth Throughput!

Just One Click!!

Instantly allocate more traffic to the application in use!

<Running in background>

<Currently in use>

Smooth On-line Experience~!

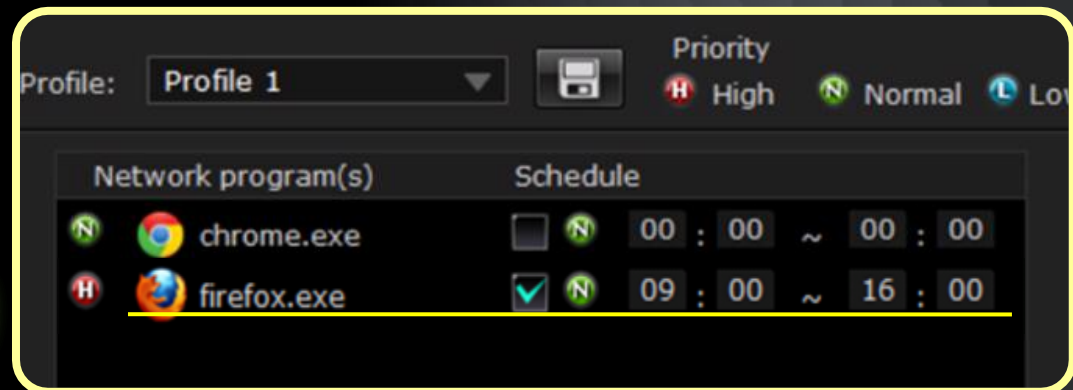

Network iControl (3/3)

Customized Profiles Fulfill All Your Needs!

Easily Select and Add
Apps into your Favorite List!

Satisfy Your Every Picky Needs!!

Features	 ASUS Network iControl	GIGAXXXX LAN Optimizer
ON/OFF Instant Bandwidth Boost	YES	NO
Customized Profiles	YES	NO
Priority Scheduling	YES	NO
Auto PPPoE Connection	YES	NO

USB BIOS FLASHBACK

Simply Plug, Press and Update!

USB BIOS Flashback

The Simplest BIOS Update You Have Ever Used!

Smart chip control
without boot-up

Only standby power needed
No CPU/DRAM/VGA card required

Easy!
Quick!

Complete within
just One Click

USB BIOS Flashback Wizard

Schedule BIOS Download to USB Drive Easily!

Download Setting:

- Schedule(days): (Recommended)
- Don't remind me again if I have already downloaded the latest version
- Do not set the download schedule

Check for New BIOS Update

Regularly Check & Download the Latest BIOS Automatically!

USB CHARGER+

3X Faster Charging for All USB Portable Devices

USB Charger+ (1/2)

Fast Charge for All Popular Portable Devices

4 Hours Saving!

for your Kindle Fire
